## WHO WE ARE

Where Good Work Changes Lives, Enhances Community, and Improves Society. Western Youth Services (WYS) is a private non-profit human service agency with over 30 years of service to the communities of Orange County. WYS provides comprehensive mental health services to children, adolescents, and families at clinics strategically located throughout the county.

WYS is staffed by a dedicated team of mental health professionals who understand the unique concerns of children, adolescents, and families. WYS staff includes professionals from several mental health disciplines and offers a high level of expertise to its clients. WYS is well respected and has built a reputation for service excellence.

## WHO WE SERVE

Western Youth Services currently provides high quality mental health services to Orange County clients who have Medi-Cal coverage. Additionally, in our Family Resource Center locations, we serve families at risk due to circumstances such as domestic violence, victimization, extreme stress, and poverty. Children in the foster care system can qualify for our services. WYS works with a very ethnically diverse population and offers language capability in Spanish and Vietnamese.

## OUR SUCCESS

Here are some of the results of the high quality services provided at WYS:

"...Samantha has since achieved success in honor band class and won many awards as a student musician. She has made such remarkable progress that some of her teachers today only know her as being smart, respectful, organized, and friendly."

"...by utilizing these creative new coping skills, Marco was able to move back into regular class and is reported to be doing great in school."

"...eight months prior, Sophia had plans to end her life. Now she's found her place among friends. She shines with character, strength, inspirational significance, and motivation. Right now she feels special because she is who she is. She is Sophia."

"...by focusing on Matthew's strengths, he was able to cope with the changes. Mathew successfully figured out how to play soccer in his wheelchair. As the WYS therapist watched him from the sidelines of a soccer game, it was obvious that Matthew was the happiest child on the field."
