

has an opportunity for a

Licensed Psychologist/Clinical Supervisor

Western Youth Services is a leading expert in children's mental health and wellness solutions. As a hub of children's mental health in Orange County, we've been providing services and programs for our community for over 50 years. Our passionate and dedicated staff deliver services and programs that prevent, treat and heal our kids and families and increase their ability to live full and productive lives. If this sounds like you, and you meet the qualifications for this position, please send us your resume.

The Licensed Psychologist supervises doctoral psychology interns and practicum trainees, participates in the psychology training program and is responsible for developing, carrying out, and modeling an empirically supported psychotherapeutic program for emotionally disturbed clients; including administration and interpretation of a variety of psycho-diagnostic tests; and preparation of psychological reports.

Responsibilities:

- Develops and updates empirically supported patient treatment plans for own and supervisees' clients based on mental health literature, or APA and California Evidence Based Clearinghouse guidelines.
- Provides evidenced-based treatment to children and their families.
- Administers, interprets, and supervises appropriately chosen psychometric instruments and screenings (including psycho-educational, objective and projective measures), writes reports, provides recommendations and feedback to client, family, and other clinicians.
- Consults with clinic therapists, schools, other involved agencies and support systems as clinically indicated.
- Documents patient treatment and progress for proper maintenance of client's record and ensures such documentation for supervisees.
- Abides by the ethical standards of the American Psychological Association and assists in ensuring WYS training program meets these standards.
- In training and supervision, abides by the Guidelines and Principles of the APA Committee on Accreditation.
- Provides individual and group clinical supervision to interns, per Agency and APA requirements.
- Provides oral and written feedback consistent with Internship program requirements.
- Trains intern class in areas of clinical expertise.
- Participates in Psychology Training Committee meetings.
- Complies with Agency policies and procedures, operational and clinical guidelines, HIPAA standards, documentation manual, and Medi-Cal standards.
- Reports to the clinic Program Director.

- Collaborates with Director of Training to ensure training, supervision, and management of interns is consistent with the Internship Training Manual and APA requirements.
- These duties would be adjusted based on the number of hours worked per week.

Minimum Qualifications:

- Doctoral degree in clinical, school or counseling psychology from an APA accredited graduate program, completion of formal doctoral internship and current California Licensure in Psychology required.
- Ability to read, analyze, and interpret pertinent mental health reports and all applicable regulations.
- Ability to write clear and concise reports, business correspondence, and procedures.
- Ability to effectively present information orally in one-on-one, small group, and large groups situations.
- Bilingual in English and Spanish preferred.

Benefits: Comprehensive employee benefits package includes: Medical, Dental, Vision, Life Insurance, Long Term Disability and 403(b) Retirement Incentive & Savings Plan.

Western Youth Services' Mission: Advancing awareness, cultivating success, and strengthening communities through integrated mental health services for children, youth, and families.

Western Youth Services is an Equal Opportunity Employer and seeks to recruit and retain a diverse workforce to maintain the excellence of Agency service to the community and to offer richly varied disciplines and perspectives.
