Program Disclosures

Does the program or institution require students, trainees, and/or staff (faculty) to comply with specific policies or practices related to the institution's affiliation or purpose? Such policies or practices may include, but are not limited to, admissions, hiring, retention policies, and/or requirements for completion that express mission and values.	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If yes, please provide website link (or content from brochure) where this specific information is presented: N/A	

Internship Program Admissions

Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program’s policies on intern selection and practicum and academic preparation requirements:

WYS is a child and family community mental health agency serving the needs of vulnerable children in Orange County. Interns provide and are trained in evidence-based family therapy (including FFT), evidence-based child therapy (including PCIT), trauma therapy (including TF-CBT), psychological testing, and consultation with school and social services staff. Western Youth Services currently has 7 licensed psychologists who all participate in one or more aspects of the training program (e.g. teaching, supervision, co-therapy) and will have 3 postdoctoral fellows who will serve as mentors for our interns. Our training program exists in 1 agency, but within 3 different clinics. Intern positions are located in 1 of 3 clinics in Orange County including Anaheim, Fountain Valley, and Santa Ana. Interns are required to have transportation during work hours as seminars occur in several of our clinics, and interns may occasionally travel between clinics to conduct psychological testing. All clinics provide opportunities for evidence-based trainings to include Parent-Child Interaction Training (PCIT), Functional Family Therapy (FFT), and Trauma-Focused CBT (TF-CBT).

In a typical internship year, interns work 40 hours per week with Monday, Tuesdays, and Thursday as 9-hour Clinic days and Wednesday as an 8-hour Clinic day to allow for some early evening time with families and Friday as a 5-hour training day. Clinic days typically include 4-5 hours of therapy or testing, with balance of day for supervision (receiving and providing), staff meetings, and time to consult and document.

Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:

Total Direct Contact Intervention Hours	N	<u>Y</u>	Amount: 400
Total Direct Contact Assessment Hours	N	<u>Y</u>	Amount: 75

Describe any other required minimum criteria used to screen applicants:

- Interest in working with children and families.
- Comprehensive exams passed by application deadline.
- Dissertation proposal approved by rank order deadline.
- Sample testing report required in application.
